EDUCATION

Thakur college of engineering and technology

B.E in Computer Science

CGPA: 8.5

Kandivali, Mumbai

Expected Graduation, june 2026

PROFILE SUMMARY

I am a third-year B.Tech student dedicated to continuous learning and growth. With a proactive mindset, I actively seek out projects that allow me to stay current with emerging technologies. I am committed to honing my problem-solving skills through practical applications and real-world challenges. My drive for excellence and passion for innovation fuel my journey toward becoming a skilled and knowledgeable professional.

- MERN stack (MongoDB, Express.js, React, Node.js) with a strong background in building scalable web applications
- Have good knowledge of C++ and Database management, continually working to deepen my understanding of these
 areas

PROJECTS

Blog Application with Authentication

https://appwriteblog-two-tau.vercel.app

Tools: React, Appwrite, Redux

A full-featured blog application enabling users to register, authenticate, and manage their blog posts seamlessly.

Responsibilities:

- Developed a responsive UI with React and managed backend/authentication with Appwrite.
- Managed the backend entirely with Appwrite, handling data storage, retrieval, and user management efficiently.
- Utilized Redux for state management to ensure consistent and predictable application state.

Pokemon-pokedex

https://pokiii.netlify.app

June 2024

July 2024

Tools: JavaScript, API Integration

Developed a sleek and intuitive web application that provides comprehensive information about various Pokémon.

Responsibilities:

- Developed an engaging UI with Vanilla JavaScript and managed API integration for detailed Pokémon information.
- Implemented search/filter features and optimized performance for a smooth user experience.

portfolio

https://abhay-portfolio-04.netlify.app

Tools: React and framer motion

Developed a sleek and interactive portfolio using React and Framer Motion.

ACADEMIC ACHEIVEMENTS

- Achieved a CGPA of 8.5, demonstrating strong academic performance and dedication to my studies
- Secured 2nd place in the Rubik's Cube Competition at College demonstrating exceptional problem-solving skills and speed.

SKILLS

Programming: C++, Python, JavaScript, HTML/CSS, SQL, React.js

Tools: Visual Studio Code, Git, github, mongodb, MySQL Workbench, MS word, Canva
